**TRANSMITTAL LETTER
Information Disclosure Statement**

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Applicant discloses herewith patents and non-patent literature which he believes may be material to the examination of this application and in respect of which there may be a duty to disclose under 37 CFR § 1.56. The Examiner is respectfully requested to review and consider the cited information.

A list of the patents and non-patent literature is set forth on the attached listing using Forms PTO/SB/08a and 08b. Submitted herewith are copies of non-patent literature reference nos. 18-36.

While the patents and non-patent literature disclosed herein may be “material” pursuant to 37 CFR § 1.56, this is not intended to constitute an admission that any of the patents or non-patent literature are “prior art” for the present invention. In fact, some of the items cited in the office action of the related divisional application (NPL Ref. 18) and listed on page 1 of the attached IDS appear to be later than applicant’s priority date

of 25-Nov-1998. Further, the filing of this IDS shall not be construed to mean that a search has been made or that no other material information exists.

The Examiner is invited to contact the undersigned attorney should there be any questions.

Respectfully submitted,

Date: 04/12/2011
